Expansion of Cardinal Wiseman Secondary School

Dear occupier,

We want to let you know about plans to extend Cardinal Wiseman Secondary School.

The Council has a statutory duty to ensure that there are sufficient school places and that fair, appropriate access to education is provided for all. While Coventry has a good range of school options, demand is rising.

To help with this growing demand, there are plans to expand the provision at Cardinal Wiseman to provide high-quality on-site learning and pastoral support to a larger group of pupils.

The Proposal:

An extension to the current school which would act as a Year Seven bridge building, helping pupils transition from primary school to secondary school.

The proposed extension is intended to be a two-storey standalone building containing:

- a new Lecture Hall and Learning Hub
- 10 new classrooms
- a dance studio
- facilities to provide small group 1:1 tuition
- a dedicated Special Educational Needs provision space
